So what are you saying?

… Should I stop all best practices?

php[architect]

No! by mslavick, on Flickr

Planning / Releases

Release planning using Team Estimation by Gerry Kirk, on Flickr

Development Environment

Work Station '13 by Robby Green, on Flickr

Deployment System

Space Shuttle Endeavour Tail Section (1 of 2) by FastLizard4, on Flickr

Unit Testing

Chris practices being grumpy by akrabat, on Flickr

Custom Software

custom corvette by Andos_pics, on Flickr

Uptime Requirements

Ballooning II by Adrián Pérez, on Flickr

Things to never skimp on

… upon fear of DOOM!
